

Enrollium — Platform Admin

The internal super-admin panel, redesigned around the full PRD-plus-extensions scope

- Tenants — pending approval queue, plan/status/usage, approve/suspend
- Tenant detail — editable usage limits, billing, team, support notes
- Usage & Cost — per-tenant AI cost, tokens, nearing-limit flags
- Billing (extension beyond V1.3) — plan/price/cycle, payment status,
 - manual invoicing tracking, revenue overview, failed-payment alerts
- Tenant Support — read-only config viewer, no impersonation
- Platform Health — uptime, error rates, webhook failures, Sentry incidents
- Settings — admin account/2FA, global defaults, sub-processors & DPA
- Audit Log — every platform-admin action, timestamped
- Note: Billing is scope beyond the V1.3 PRD (deferred to V1.4 there) —
 - included here as the explicitly requested extension.
- Every screen shown in light and dark.
